Storage.

Articles designed for exhibition, which the exhibitors desire to send previous to the Fair, may be consigned to J. A. Hollenstein, who will store the same free of expense.

Transportation.

The Milwaukee and Mississippi Rail Road Co. have generously consented to carry passengers over their road during the week of the Fair at half price and animals and articles for exhibition *free*.

Persons desirous of availing themselves of this arrangement in regard to the conveyance of animals and articles, will be required to become members of the Society, and have their articles entered on the Secretary's book previous to their transportation on the rail road.

Arrangements for the passing of articles and animals for exhibition free of toll, are now being made with the various plank road companies having roads leading out of the city of Milwaukee, and will probably soon be perfected.

JUDICIAL ELECTION,

THIS DAY, SEPTEMBER 27th.:

POLLS OPEN

From 9 A. M. to 5 o'clock P. M., at the following places:

First Ward—MILITARY HALL.
Second Ward—MANSION HOUSE.
Third Ward—ENGINE HOUSE OF No. 2.
Fourth Ward—MENOMONEE HOTEL.
Fifth Ward—ROCHESTER HOUSE.

QUALIFICATIONS OF VOTERS.

1st.—Citizenship, or Declaration of Intentions.
2d.—One year's residence in the State.
3d.—Actual residence in town, or ward where the vote is offered.

Election To-Day!

Polls open from 9 A. M. till 5 P. M.

We desire to remind every reader of the *Sentinel* that the election for three Justices of the Supreme Court of this State takes place TO-DAY, and to urge them, one and all, to go to the Polls and VOTE! There is not a single elector in our city who is not interested in the result, nor one who cannot do *something* towards securing the triumph of the Right. We appeal therefore to EVERY MAN, who desires to promote the welfare and maintain the good name of the State, who wishes to see the laws of the land faithfully and impartially administered, and who prefers an INDEPENDENT to a *Party* Bench, to cast his ballot *this* day, for EDWARD V. WHITON, MARSHALL M. STRONG and JAMES H. KNOWLTON!

"A POOR RULE."—The *News* thinks it a serious objection to Gen. Scott, that a friend of his, Mr. ARCHER, once threatened to move a repeal of the naturalization laws. According to this mode of reasoning, Mr. PIERCE ought to be rejected by common consent, since his friends in this State have nominated JOB HASKELL, an *original* "Native," for the Assembly, and in Pennsylvania support GEORGE W. WOODWARD, who proposed *to exclude all foreigners from voting, or holding office*

THE NEXT CONGRESS—A GOOD BEGINNING.—Thus far, Missouri, Iowa, Maine, and Vermont, have chosen their members of the next Congress. In the last one, the delegation from those states, elected in 1850, stood 10 Locos to 8 whigs. In the next they will stand 7 Locos to 9 whigs. That will do for a beginning.

☞ The *News* of Saturday publishes editorially an article, from a prominent PIERCE leader and Office-seeker in town, headed "a word of warning." We may take occasion, to-morrow, to notice some of its extraordinary statements and most exceptionable threats.

POLITICAL WAR-STUFFING.

A notable device to *cheat* the People of the West into the support of PIERCE and KING, is developed in the Morning *News* of Saturday last. It is, substantially, a repetition of the KANE dodge." practised with so much success by the same artful characters in the Presidential canvass of 1844, and by which PENNSYLVANIA was victimised into voting for POLK, DALLAS, and the Tariff of '42!" The particulars of that fraud will be remembered by most of our readers. Pennsylvania being a strong Tariff State, and HENRY CLAY, the Whig Candidate for President, being everywhere known as the eloquent champion of Home Labor, the Loco Foco leaders in the "Keystone" trumped-up what was known as the "Kane letter" to with a letter from Mr. POLK, written to order, and setting forth in vague terms, *his* devotion to the cause of American Industry and Home Manufactures! Armed with this document, the Polk men industriously canvassed the Mining and Manufacturing Districts of Pennsylvania: pointed triumphantly to the Kane letter, as proof conclusive that Mr. POLK was as good a friend to a Protective Tariff as Mr. CLAY, and succeeded, under this false pretence, in carrying the vote of the Keystone State, and thus securing the election of JAMES K. POLK. Among the "first fruits" of that election, was the *repeal* of the Tariff of '42, for which Pennsylvania had voted, by the casting vote of her own son, Vice President DALLAS!

Such was the "Kane dodge" in Pennsylvania, in 1844. And precisely similar to it, is the "Harbor and River" dodge attempted in the *News* of last Saturday. That paper palms off upon its readers, as the production of "a distinguished Democrat of New Hampshire," an *anonymous* letter, purporting to define Mr. PIERCE's position on the "River and Harbor" question, and claiming that he is a friend to Congressional Appropriations for such objects. The brazen effrontery of such a claim, in view of Mr. PIERCE's recorded votes and declarations, all of unvaryingly hostile tenor, sufficiently accounts for the fact that no responsible name is signed to the Concord letter. The *News* publishes it anonymously. It does not, and *dare* not, name the writer. If not *manufactured* here at home, it is doubtless the handiwork of some desperate partisan, *who is ashamed to acknowledge it.* It is the naked, impudent, and unsupported assertion of Mr. *Blank*, set up against the recorded votes, the openly avowed opinions and the admitted declarations of FRANKLIN PIERCE. And the *News* coolly invites the People of the West to reject the evidence of Mr. PIERCE himself, in his votes and SPEECHES, as to his position on this absorbing issue, and receive the half-hazard averment of an unknown, anonymous, and irresponsible correspondent! JOE SMITH, or Prophet MILLER, never made a larger or more impudent draft upon the credulity of *their* dupes than this!

But aside from the irresponsible character of this trumped-up letter, look, for a moment, at some of its palpable misstatements. We quote a paragraph:

It is true that Gen. Pierce, while in Congress did vote against certain bills making appropriations for building roads and canals, and improving Harbors and Rivers. Now, before we condemn Gen. Pierce let it be remembered that those very *bills* were very objectionable, and contained so many provisions, making appropriations strictly local, and in many respects private in their character, so much so, that many of our most able statesmen, and strong friends of internal improvements, both Whigs and democrats, were forced from a sense of duty, to vote against such extravagant use of the public money &c., &c.

It is conceded that Gen. PIERCE "voted against *certain bills*" for the Improvement of Rivers and Harbors—*he voted against all*—but the excuse is set up that they "were objectionable," contained merely "local provisions," and were voted against by Mr. PIERCE to prevent "squandering of the money of the people upon useless works, originating from and under the influence of favoritism, to promote individual interest." Now those bills which Mr. PIERCE voted against, Gen. JACKSON *signed!* This manufactured apology, therefore, for Mr. PIERCE's unyielding hostility to Harbor Improvements and Western Interests, *imputes* to Gen. JACKSON the high crime and misdemeanor of *conniving at and sanctioning these frauds upon the People and this depletion of the public treasury!* Can the Democracy of the West be made to believe that ANDREW JACKSON was the *rascal* and FRANKLIN PIERCE the *saint?* We rather suspect not.

Look again at the *facts*, in regard to these very bills, compared with the fictitious apology for Mr. PIERCE's admitted opposition. We recapitulate the dates and aggregate amount appropriated by the bills against which FRANKLIN PIERCE voted.

June 26th, 1834, Harbor and River Bill appropriating $762,357, *opposed* by FRANKLIN PIERCE ☞ *approved* by ANDREW JACKSON.

March 3rd, 1835, appropriating $425,167, *opposed* by FRANKLIN PIERCE, ☞ *approved* by ANDREW JACKSON.

July 2d, 1836, appropriating $648,119, *opposed* by FRANKLIN PIERCE, ☞ *approved* by ANDREW JACKSON.

March 3d, 1837, appropriating $1,374,782, *opposed* by FRANKLIN PIERCE, ☞ *approved* by ANDREW JACKSON.

July 7th, 1838, appropriating $1,109,102, *opposed* by FRANKLIN PIERCE, ☞ *approved* by MARTIN VAN BUREN.

August 3rd, 1846, appropriating $1,233,450, *opposed* by all the New Hampshire democratic Senators and Representatives, and ☞ *vetoed* by JAMES K. POLK!

Now what sophistry, what pettifogging, what downright lying even, can explain away these *plain facts?* Here is the *record* evidence of FRANK PIERCE's hostility to *every River and Harbor Bill* passed during the Congressional term. *Four* of these were approved and signed by ANDREW JACKSON, and the *fifth* by MARTIN VAN BUREN, both "democratic" Presidents. The last of the series, which was VETOED by JAMES K. POLK, was voted against by all the New Hampshire democrats in Congress, though Mr. PIERCE was not then a member. In other words, PIERCE & POLK occupied the same platform on the "River and Harbor" question; to-wit, *unyielding hostility to all such measures.*

But this anonymous certifier of Mr. PIERCE's Internal Improvement faith, not content with impeaching ANDREW JACKSON'S hon

VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

DAILY SENTINEL.

Important from Cuba

NEW ORLEANS, Sept. 22.

The Steamship Empire City has arrived, with advices from Havana. Arrests were being made daily there, and throughout the Island, of all parties suspected of being connected with the Cuban filibuster. A Council of War was to be held on the 22d for the trial of the 11 persons connected with the publication of the revolutionary paper, "The Voice of the People."

Government has received intelligence that 1,200 stand of Arms have been landed on the Island, and that 200 of them have been seized by the military, and the remainder carried to the county, and secreted by the people. All the American papers had been prohibited and spies were sent out in every direction. The Captain General has stationed troops on all the parts of the Island, and was making vigorous exertions to suppress the least attempt at insurrection.

The steamer Pizarro has proved a total loss. The officers of the Empire City were politely treated by the Spanish authorities.

Washington, Sept 24.

The Peruvian Minister has been presented to the President, with the customary formalities.

Cul. Benton left for St. Louis, but will return in December, to take his seat in the House of Representatives, at the commencement of the session.

It is now generally credited that several receiving agencies have been established in this city for Cuban invaders. A meeting of 45 persons was held at the Westminster House last evening, to organize the first company of the 1st Regiment of Cuban Guards

Hon John P. Kennedy, Secretary of the Navy, with Commodore Perry, will visit the C. S Steamers Powhattan and Mississippi, on Wednesday next. Com Perry wishes to have the Powhattan take the place of the Princeton, in East India, on the ground that the latter cannot carry coal enough for the voyage.

A bottle was picked up on the 10th of August, at Hamburgh, containing the following, signed by the Capt. mate and passengers, of the Schooner Isabella, of Baltimore, from Porto Bello, to Baltimore, cast away, 17th July, 1852:—

"No boat—very little water and provisions."

Washington, Sept. 21.

Secretary Corwin, it is understood, has not resigned, but will as soon as the Gardiner Committee report and clear him (as they will do,) of all improper conduct in that case.

The reported disclosures and flare up in the committee to-day is believed to be unfounded, nothing new or startling having transpired.

Mr. Corwin intends stumping Ohio for General Scott after his resignation.

Sept. 23, 1852.

Sutter Gale.—*Damage to the Northern Indiana.* The gale on Tuesday night and which continued throughout most of the day, yesterday was the most severe of the season. The steamer *Northern Indiana*, Capt. Wagstaff which left here between 10 and 11 o'clock Tuesday night, when off Dunkirk had both her smoke broken.

Notwithstanding this, Capt. Wagstaff kept her on her course, determined not to put back, unless something more serious occurred. But before proceeding for home, her machinery became disabled, and she was left to the mercy of the storm, and some 5 hours elapsed before the damage could be temporarily repaired, so as to get up enough steam to carry her into port.

All on board speak of Capt. Wagstaff and his officers in the highest terms, for their coolness and efficiency in saving the boat from destruction. It is under such circumstances that seamen like Capt. W. are needed, and he is deserving of all credit for safely bringing his noble boat into port. She is badly damaged in her upper works, and will take several weeks to repair her.—*Buffalo Express.*

Whig Meeting at Boston.

Boston, Sept. 17.

The Boston Young Men's Whig Club, had a grand rally at Faneuil Hall this evening. The meeting was called to order by Harvey Jewell, Esq., president of the Club, who after a few remarks introduced Hon. Isaac W. Stewart of Connecticut. Mr. Stewart spoke for half an hour and on taking his seat, three cheers were given for Connecticut.

James Egan, an eloquent young Irishman then mounted the rostrum and commenced a speech, which was interrupted by the entrance of a delegation of 500 Whigs from Lowell, delegations from Watertian and Waltham, embracing some 300 more. Two bands of music accompanied these delegations, and they were received with hearty and prolonged cheering.

Mr. Egan concluded his speech, and was followed by Hon. J. Z. Scammon of Illinois. The hall was well filled, probably 4,000 or 5,000 persons being present. It was an enthusiastic Whig demonstration.

The Independent Judicial Ticket.

From the Kenosha Telegraph, (dem.)

At the head of our columns will be found the ticket for Judges, nominated by an Independent Convention, without any regard to party distinctions. This ticket is opposed by the nominated by the Pierce and King democracy, as the special representative of that party. We do not consider it a matter of very great importance how these candidates got before the people. The question of interest to the people is, who among them is best fitted for the place. On this point we have before expressed our opinion decidedly in favor of the candidates on the independent ticket, an opinion which we here reiterate. And we wish it understood that in this matter we conceive we have precisely the same interest that every person else has, that the best men shall be chosen; and it is in view of this interest we speak. *It is our fortune to be acquainted personally, with every candidate on both tickets, and on this knowledge we make the assertion, fully impressed with the responsibility we assume in doing it, that every man on the Independent Judiciary ticket is better qualified in every respect for the place to which he aspires, than those of the opposition ticket.*

Rail Road Accident.—As the Locomotive on one Rail Road was passing the wood-house in this city on which Mr. L. Landerman was at work standing on a scaffold, he was thrown off between the rails by the engine coming in contact with a board that he held in his hand. The Engine passed over one of his arms and crushed it to atoms He was also cut badly in the forehead. Dr. L. S. Wright amputated his arm and he is doing well.—*Rock Ins Lac Democrat.*

PATENT MEDICINES.

CHERRY PECTORAL

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

MANY years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and approval far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unrivaled reliable character of its composition could originate and maintain the reputation it enjoys.—While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, and confirmed benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a terrible foe to pulmonic ailment, our Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the System—and the Digestive Fluid, is the great Antagonist of Dyspepsia, Debility, Nervousness, Scrofula, Scurvy, Rheumatism, and the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical properties, and identical in its remedial powers. Dyspepsia is the bane of the age, and of this preparation the pains and evils of forty years of Dyspepsia are removed, just as they would be by a healthy stomach. It is daily curing hundreds of Dyspeptics, curing cases of Debility, Emaciation, Nervousness, and Hypochondria Complication, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is the highest known to Physiologists. Its operations are unerring, intelligent Physicians say, marvelous.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be obtained by the action of dilute muriatic acid upon the mucous membrane of the stomach of the Calf in which state it exists in particles of food, as meat and eggs, will be softened, changed and digested in the same manner as they would in the human stomach."

Dr. Turchet, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; pages 235 and 236, says: "Experience, in fact, and the laws of digestion, confirm the views here given. There are few higher authorities than Dr Pereira."

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all pervading cause of indigestion." Dr. Coxe, late professor of chemistry, another distinguished professor of medicine in London says: "Food is digested with this compound, in the same manner as other solvents act upon it out of the body." Dr. Graham, author of the famous work on "Vegetable Diet," says: "As it is remarkable that the physiologist, in the stomachs of animals, macerated water, finds the food the progress of digestion carried more rapidly than in the stomachs of animals which feed upon it, so in the stomach of man, the process of digestion carried on out of them in no wise different from the natural digestive process."

Professor Dunglison of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than sixty pages to an examination of this subject—and says: "Digestion is effected by the gastric juice, obtained from the living human stomach and from animals, and is well known. In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 240, says: "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter, author of the standard work on Physiology, which is in the library of every Physician and is used as a Text-Book in all the Colleges, in all of which he summarizes the above, conclusively proves that the Gastric Juice is a solvent, and the fact that it may be readily procured from the stomach of the calf or sheep, and by experiments in Artificial Digestion, as a remedy for the disorders of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica and Physiology, fully recognize the Gastric Juice, and testify to the character and properties of Pepsin, and state it may be relied upon to perform all the functions of the Gastric Juice.

The Solvent and Digestive Fluid, or Gastric Juice, which is prepared, does not admit of question. The only question is, how can it be prepared so that it can be used as a solution and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURE,

Dr. Hoofland's PEPSIN has produced the most astonishing effects, and in the following diseases, viz: Dyspepsia, Sick Headache, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this notice. Numerous and remarkable cures have been effected in more than Two Hundred Remarkable cases in Philadelphia, New York, and Boston alone. Those were really all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a genius Nervous Antidote, and put a speedy end to the tumultuous train of disorder, Liver complaint, Fever and Ague, or bulky treatment. Mercury and other drugs upon the Digestive Organs, after a long sickness. Also, for success in eating Pepsin, it is the best of spirits. It silences reconciles Health with intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaint, which it does not control and cure in a short time, no matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be continued for a short time to make the good effects permanent. Purity of Blood and V

THE WORLD'S FAIR

PREMIUM SAFES.

DEPOT,

Green Block, Water St.,

(Between Maiden Lane and Wall Street,)

NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an immediate jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. The highest testimonials received from the following well known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, during the late fires in this city, (many of them at my store): Mr. Moses, Stillwell & Montrose, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. Lockwood & Co. in the fire on Broadway, corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which I am constantly receiving from the inventor, Mr. Hall, of Boston, at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against pick-locks and the Key is no larger than a coin, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.
